

Winning has become our way of life *...make it yours*

Suprabha has reached yet another milestone by winning the WORLDSTAR 2008 Award, consecutively title for the second time, this time under the category of 'Suprabha Seaworthy System for the Open Deck Transportation'.

Suprabha's strong R&D has saved millions of dollars in foreign exchange due to loss on account of corrosion in engineering exports. These awards are testimony to Suprabha's position as being the best in the business of providing Seaworthy Packaging Systems.

Suprabha through its vast product range, over 4 decades of experience in the corrosion field and innovative application methodology has always achieved 'zero rejection' in corrosion prevention for almost all its customers. Our products and methods have been put to test in the most challenging conditions and results have been astonishing.
